### Hiring a Manager

- Moved by Paul Stewart, seconded by Ken McLean to strike a committee to investigate the hiring of a manager (subject to funding). All in favour - Motion passed
- Hiring committee will include John, Shawn and Ken

### Project Ideas

- Saltwater migration patterns and smolt survival
- Reclaiming/creating spawning grounds
- Impact of lampreys
- Extending salmon ladder season to determine if salmon are coming in later
- Having a count on other rivers such as Maccles Brook and Gambo River
- Curtis Pennell suggested sampling 30-40 salmon by surgically implanting sensor tags. These would track river locations and temperatures

### Salmon Tracking Proposal

- Agreement that John should prepare an application to ASF to proceed with the project suggested by Curtis

### Meeting with DFO Resource Management (Jackie Kean)

- Paul reported that nothing is yet arranged

### Lower Fishway Reconstruction

- John contacted Kristen Loughlin, DFO re status

- No money has been allocated for new fishway
- However repairs would be done if required

Invitation to local DFO officers

- Shawn will contact Darren Poole and Curtis Gillingham to invite them to attend FABEC meetings

Town of Glovertown

- Shawn will contact Council to propose a presentation on FABEC activities
